General Education Articulation Agreement Information

Transfer Agreement Plans
The University of La Verne has established official articulations with various educational institutions. Transfer Agreement Plans should be used in conjunction with your La Verne academic advisor and provide you with a list of approved courses that will assist students in making a seamless and successful transfer to the University of La Verne. Transfer Plans are located at http://sites.laverne.edu/articulation/.

General Education Transfer Credit Appeal Form
If you are looking to fulfill a general education requirement with a course that is listed on a Transfer Agreement Plan no additional forms are needed. If you are trying to fulfill a general education requirement not listed you must bring a course description and GE Transfer Credit Appeal form which you can access at http://sites.laverne.edu/articulation/transfer-credit-and-articulation/forms/. Please bring the document completely filled out with you when you meet with Vanessa Lua or Patti Nonemaker in the Office of the Registrar in order to have the course reviewed for possible acceptance.
