New Year, New Resolutions, Time to Apply

University of La Verne Office of Financial Aid Quarterly Newsletter

Winter 2011

The Free Application for Federal Student Aid (FAFSA) is now available. Any student who wishes to receive financial aid from La Verne must submit this application.

The Department of Education will soon be sending out renewal notices to those students who are eligible.

To be considered for priority funds, you must submit your FAFSA by March 2nd, and if you wish to be considered for work study, on your FAFSA you must indicate that you would like Federal Work Study.

Student Aid Report (SAR): Once you submit your FAFSA, you will receive a Student Aid Report. Please check the comments at the bottom of this report, as it may indicate that you need to submit additional information.

If you are selected by the government for verification or further review, the Office of Financial Aid will contact you, but you can speed this process by reviewing the comments on your SAR and submitting any missing or additional information.

La Verne Email: Whether you are on one of our campus sites or studying abroad, please check your La Verne email often. If we need additional information from you, we will email you. Don’t let your aid process get delayed because you forgot to check your email!

Grants: Cal Grant- Students must submit FAFSA and GPA verification by March 2nd. (see link)

APLE Grant- For students pursuing a Teaching Credential. Applications available. (see link)

2011-2012 FAFSA Now Available—Priority Deadline: March 2nd
