Important Information to be Aware of

New Satisfactory Academic Progress (SAP) Guidelines Go Into Effect

Attention students: Each semester/term you receive financial aid, you will be required to complete 67% of the units for which you receive federal, state and institutional financial aid funds. In addition, you must earn a grade point average of at least 2.0 (undergraduates) or 3.0 (graduates). Any student, who, at the end of the academic year, fails to maintain SAP, will be disqualified and will be ineligible to receive financial aid, including student loans. The one year grace period has been eliminated by the federal government. Please review the Financial Aid Terms and Conditions that you accepted on your MyLaVerne for more information on SAP.

Are You Checking Your Email?

It is very important for students to check their La Verne issued email regularly as the Office of Financial Aid utilizes email as our main form of communication with students once they are enrolled.

Financial Aid Disbursements

Disbursements for the Fall semester/term took place on September 7th. In the event that your funds have not yet disbursed, please check your MyLaVerne for any outstanding student requirements. In most cases, a student has not yet accepted his/her Terms and Conditions. If you are expecting a refund check, it can take the Office of Student Accounts up to 14 days after your account enters into a credit status to issue the check. Questions about refund checks should be directed to the Office of Student Accounts.

Attention Undergraduates: Loan Eligibility Increase

The federal government limits the amount of loan money you can borrow per academic year. Loan eligibility amounts are determined by units and class standing. Please refer to the following chart for loan eligibility amounts. If, in the middle of the year, your units increase to bump you up a class level, please contact our office so that we may adjust your award and add the new loan eligibility.
