The Campus Safety, Parking & Transportation Update is intended to provide information about upcoming programs, activities, safety and emergency preparedness information to our campus community. Program dates and duration may vary, so be sure to follow us at [http://sites.laverne.edu/campus-safety/](http://sites.laverne.edu/campus-safety/).

### Campus Safety

On September 28, the University of La Verne opened its home football schedule with a new and exciting feature: Tailgating! The Campus Safety Department will be on-hand to assist those arriving into the area, and to provide guidance on all relevant regulations.

As part of the pre-game festivities, those arriving to the Campus can join in a Tailgate experience in Lot D. There, guests can enjoy the traditions of pre-game BBQ and snacks, fellowship with other ULV football fans, and more.

While a pilot program exclusive to the 2013 Football Season, the immediate reaction to the new program has been tremendous, and after the game, the 5th Quarter Club takes over the area to support the football program by providing a private dinner for the players and their families following each game. Have you made plans for the next game? If not, come out and support your Leopards!

### Parking & Transportation Updates

The University of Laverne’s very own “Class Pass” program sponsored by the Foothill Transit Agency has arrived! Students and staff can obtain their own TAP Card, good anywhere on any Foothill Transit bus line. Be sure to get yours, and enjoy the ease of regional transportation any time of the week and weekend.

For more information about the program, visit [http://foothilltransit.org/laverne/](http://foothilltransit.org/laverne/), or visit the Parking and Transportation Services website at [http://sites.laverne.edu/parking/](http://sites.laverne.edu/parking/).
Emergency Preparedness

Great ShakeOut earthquake drills help people in homes, schools, and organizations improve preparedness and practice how to be safe during earthquakes. On October 17, 2013 at 10:17 am, the University of La Verne will join millions of Southern Californians and people across the United States for our annual Fall Emergency Preparedness Drill. To learn more, visit www.shakeout.org or go to http://sites.laverne.edu/campus-safety/emergency-preparedness/ for more info.

This is an excellent time to make sure you’ve reviewed your personal emergency preparedness plans for home, in the car, and at work or school. Be sure to discuss these plans with your family, and if you would like more information, contact us at Safety@LaVerne.edu.

Also, during these warmer late-season temperatures, we encourage you to keep water available at all times, and to keep yourself well-hydrated.
