The Campus Safety, Parking & Transportation Update is intended to provide information about upcoming programs, activities, safety and emergency preparedness information to our campus community. Program dates and duration may vary, so be sure to follow us at http://sites.laverne.edu/campus-safety/.

**Campus Safety**

On August 22, President Lieberman joined the Campus Safety & Transportation Department at its quarterly meeting. After a brief visit, the President joined us for a photo.

You’ll also notice the new uniforms of our Campus Safety Officers, which we debuted on August 19th.

Lastly, we are proud to announce that the Campus Safety & Transportation Department has launched a new Student Assistant program, and a total of six (6) student workers will join our team in serving the University Community while these students work to complete their academic goals. Soon you will see these terrific representatives of our Department at a location near you…or to assist you!

**Parking & Transportation Updates**

The Lot S “Shuttle Lot” located at A Street and Arrow Highway is open and immediately more popular with users. With some finishing touches being completed in the next couple of weeks, the Lot already features:

- 455 dedicated parking spaces
- 24 hours a day security
- New access entry (A Street) and exit (Park) design
- New fencing and landscaping
- Direct shuttle routing for faster cycles of shuttles

We are also very excited to report that our Bicycle Registration program has been a tremendous success to start the new school year. When a bike commuter registers with our Department, we will provide them with a voucher to our Bookstore for a FREE U-Lock!

Combined with our new FREE Foothill Transit program, our continuing ZipCar program, and carpool/vanpool incentives, The Parking & Transportation Office is ready to assist you with alternative transportation options.

For more information, we invite you to visit the Parking and Transportation Services website at http://sites.laverne.edu/parking/ or contact us 8:00am -5:00pm, Monday –Friday at the Transportation and Parking Services Office located at the Sports Science Athletic Pavilion (SSAP) Room E110. Can’t stop by? No problem! Just call or email the Transportation and Parking Manager, Lisa Grater, at lgrater@laverne.edu or 909.593.3511, X4725
Great ShakeOut earthquake drills help people in homes, schools, and organizations improve preparedness and practice how to be safe during earthquakes. On October 17, 2013 at 10:17 am, the University of La Verne will join millions of Southern Californians and people across the United States for our annual Fall Emergency Preparedness Drill. To learn more, visit www.shakeout.org or go to http://sites.laverne.edu/campus-safety/emergency-preparedness/ for more info.

This is an excellent time to make sure you’ve reviewed your personal emergency preparedness plans for home, in the car, and at work or school. Be sure to discuss these plans with your family, and if you would like more information, contact us at Safety@LaVerne.edu.

Also, during these warmer late-season temperatures, we encourage you to keep water available at all times, and to keep yourself well-hydrated.
