This quarterly Campus Safety, Parking & Transportation Update is intended to provide information about upcoming programs, activities, safety and emergency preparedness information to our campus community. Program dates and duration may vary, so be sure to follow us at http://sites.laverne.edu/campus-safety/.

Campus Safety

Campus Safety has significantly updated its family of service resources on the Web. In addition to a variety of Campus Safety, Parking and Transportation links, services and information, the Department has also added several new features to its Emergency Preparedness pages, including helpful guidelines you can use to make sure you are ready in the event of a local or regional emergency.

To find out more, please visit us online at http://sites.laverne.edu/campus-safety/.

Parking & Transportation

Much is happening this summer with Parking & Transportation Services, and we’d like you to know about some of them. In early July, all campus parking lots were resurfaced and restriped. In addition to the appearance, this work will extend the life of our parking facilities before a more costly repaving becomes necessary. The restriping also makes the proper use of every space easier, especially where some lines had begun to wear out to being almost invisible to arriving commuters.

We’ve also been overseeing a full-scale redesign of the Shuttle Lot. This expansion and full resurface & paving will increase the number of spaces by nearly 40%, add security cameras, emergency telephone terminals, emergency preparedness enunciators, and dedicated lighting. Additionally, the lot will also come with full shuttle services that include 24-hours-a-day operation from 3 pm Sundays to 11 pm each Friday.
Parking permits will go on sale on Thursday, August 1st. Shuttle Lot permits, again offered at NO COST, will also become available. For more information, we invite you to visit the Parking and Transportation Services website at [http://sites.laverne.edu/parking/](http://sites.laverne.edu/parking/) or contact us 8:00am -5:00pm, Monday –Friday at the Transportation and Parking Services Office located at the Sports Science Athletic Pavilion (SSAP) Room E110. Can’t stop by? No problem! Just call or email the Transportation and Parking Manager, Lisa Grater, at lgrater@laverne.edu or 909.593.3511, X4725

**Emergency Preparedness**

In January of this year, the Campus Safety Department reorganized its resources and formally established its Emergency Preparedness Program. To accomplish this, Mr. Jeff Boster has taken a leadership role in developing a solid plan for our University to be better prepared in the event of a local or regional disaster.

As part of this commitment, the Campus Safety Department is reminding everyone to take a moment to check the supplies in your home, personal vehicle and other locations that you spend substantial periods of time in. By keeping even a modest number of supplies, including bottled water, non-perishable food items, first aid supplies and other recommended items, you will be doing a great deal to remain well-prepared should an emergency occur and render you unable to access more abundant resources right away. To find out more on how you can become better prepared, please visit [http://www.ready.gov/](http://www.ready.gov/) and for on-campus guidelines during emergency conditions, check out [http://sites.laverne.edu/campus-safety/emergency-procedures/](http://sites.laverne.edu/campus-safety/emergency-procedures/).
